

In-flight Menu

Podcast editing, consulting, and production packages

Editing:

All prices are quoted per hour of 'raw' recording you send to us. Don't see anything that suits you? We can put together a custom package.

Saver

Record as if you were "live". We remove noise, add your intro/outro/ads and then master ready for broadcast. **\$57**

Economy

Basic editing of incorrect phrases and long silences, noise removal, add your intro/outro/ads and master ready for broadcast. **\$85**

Business Class

Economy, plus detailed word-for-word editing. Can result in a reduction in podcast length of about 20%, but makes for a much snappier show. **\$155**

First Class

Special projects, audio documentaries, etc. **\$POA**

Production:

Branding package

Intro, outro and "bumpers" for your show including music and sound effects. Gives your show an identity all its own. **\$250**

Other production

Need a segment intro, sound effect, or pre-recorded element? We can help. **\$POA.**

Consulting:

Delivered via Zoom.

Pre-Flight Check (60mins)

Get your show perfect before you even start recording. Covers show topic, show structure, presentation style, and equipment. We'll provide some templates for you to work off, too. **\$65**

Navigator

Take your podcast to the next level or get it back on course. Chris will take a listen to 1-2 episodes of your podcast and provide a written report on areas for improvement. Optional 30-minute consultation to go through your feedback. **\$167**

Rescue

Already recorded, but your show sounds like a disaster? We'll run it through our noise reduction, then provide a 30-minute consult on avoiding those problems in future. **\$65**
